Item Number 9881038

Rectangular remote thermometer for installation in refrigerators with capillary tube and sensor.

- Measures gases and liquids at a distance with minimal reaction time

Technical Data

Material	Plastics
Colour	white black
Measured Variables	Temperature
Capillary tube length	1.5m
Packaging	Blister
Accuracy	-20 °C: +/- 1 °C, 0 °C: +/- 2 °C, 40 °C; +/- 2 °
Temperature measuring range	-40 - 40 °C
Temperature Units	°C
Technical Summary	Scale dimension: 15 x 30 mm
	Built-in dimension: 26 x 58 mm
